

## Project

Extension and Renovation of Daltons Pharmacy

## Client

Daltons Pharmacy, Fethard, County Tipperary

## Architect

William Trehy & Associates

## Duration

7 months

## Overview

Extension and Renovation of a Pharmacy in Fethard, Co. Tipperary

The objective of the project was to construct an extension and renovate the existing Pharmacy, located at Barrack Street, Fethard, Co. Tipperary, E91 D260, including associated site development works. The extension was designed to blend in with the existing building while providing additional space to benefit the local community.

Renovation work involved upgrading the internal layout and improving accessibility for customers with disabilities. The installation of state-of-the-art equipment and technology was also incorporated to improve the quality of service provided by the Pharmacy.

The project was completed within the set budget and timeline, resulting in a modern, efficient, and accessible Pharmacy facility for the community.
