### Description

Fethard Town Park Community Pavilion – a state-of-the-art addition to the Fethard County Tipperary area. This facility offers a variety of amenities that cater to the needs of the local community.

The intergenerational multipurpose hall is a key feature of the pavilion, providing a versatile space for sports, meetings, and events. The dressing rooms are a valuable addition, making it convenient for people to change before and after their activities.

The clubhouse is another feature of the pavilion, providing a space for clubs and organizations to meet and plan activities. Meanwhile, the spectator stand offers a comfortable place for people to watch sporting events.

The pavilion also features a coffee dock, gym, and completed with premium electrical specifications and construction finishes, all of which make it a truly impressive facility.

The ground works and landscaping are also noteworthy, making it a beautiful and welcoming space for everyone to enjoy.

Overall, the Fethard Town Park Community Pavilion is an outstanding facility that is sure to benefit the local community for years to come. Mulcahy Construction LTD is proud to have been a part of this project.
